3327-04

*stylish – elegant – trendy*

*softly curved dials, fine indices, sapphire crystal,  
vegan leather straps in the fashion colours of fall/winter 2020/21*

**APPLE SKIN**

BOCCIA TITANIUM - new models  
September 2020

- This **sustainable skin** is produced using fibers derived as residuals from the industrial processing of apples to juice etc.
- The **biological waste** is dried and reduced to powder, then mixed with durable PU to transform into **new raw material**.
- With this **upcycling process**, durable apple leather is made of 50% apple residuals.
- The **environment** is saved by recovering waste. Emissions and consumption of energy are lowered through the entire production chain.
- **Natural** fibers substitute raw materials of chemical origin.
- AppleSkin is **100% vegan** and free from animal ingredients.

*AppleSkin, the innovative, bio-based leather alternative, is made of 50% recycled apple fiber. The straps are 100% vegan, abrasion resistant and pleasantly soft.*

3325-01

*pure titanium bangle with extension links,  
mono- or bicolor or goldplated,  
sapphire crystal*
